Changes of designation of medical officers and subordinates.

From

The Offg Senior Surgeon.

No. G 61 Dated 5/7. 8. 11. Received 8. 8. 11.

Diary No. 841. Enclos. / Spare Copies Serial No. 4

BRIEF ABSTRACT OF LETTER.

States in continuation of his letter no: G 7 of 2.7.10 that ~~[illegible]~~ he wishes to add another proposal to the recommendations already made therein viz that Asst Surgeons of the 5th & 6th classes according to the new classification may, for reasons given, be made eligible for promotion to the next higher class by efflux of time i.e. after 3 years service in each class

NOTES AND ORDERS.

In the file re change of designation of Hospl Assts into "Sub Asst Surgeons", it is proposed to designate the present Sub Asst Surgeons of the 1st, 2d & 3d classes as Assistant Surgeons of the 5th, 6th & 7th classes respectively. The Senior Surgeon now recommends that—

NOTES—First sheet.

Serial
No.

the Asst Surgeons of the 5th & 6th classes according to the new [illegible] classification should be made eligible for promotion by efflux of time as in the case of Asst Surgeons of the 1st four Classes under the existing rules. The recommendation has been made mainly in view to secure promotions to Messrs. N. Rangachari, S. G. Asirvatham and J. V. Mascarenhas who have been over ten years in the present grade of Sub asst Surgeons.

2. The file of previous papers re: Changes of designations of Medl Officers & Subordinates [illegible] is now before the Secy (Subtd on 2.8.11 with Diary no: 4060).

Pn (61) SC (18) 12.8.11 Secy) 14.8.11 [illegible]

3. Subd to Secy

The file in question has been sent to [illegible] after consideration in Council

TM-30 15/8/11 4. The acceptance of the recommendation will obviously involve some increase of cost as at present men have to wait for more than 3 years for promotion to the grade of Asst surgeons from the grade of Sub asst

8. At present it is seen that the highest pay admissible whether to a Specialist or a Civil Surgeon is Rs 800/- and if as in the case of the British M.D. Engineer Establishment of the Finance Deptt all the men are allowed to rise from a minimum to a maximum much of the hardship of supersession or block would be removed. The various designations may be allowed irrespective of the numbers according to the length of the service. To this purpose a uniform progressive pay of Rs 80-20-600 which would be financially equal to avg Rs 238 2/3 would seem to be suitable. It would take 26 years to reach the maximum & with his 3 years on it to secure average emoluments every one may reasonably ~~except~~ expect to retire on Rs 300/- in his 55th year of age

NOTE— Contn. sheet.

GPB—50,000—12-8-10

Serial No.

entered service in his 25th year. It may be stated per contra that this certainty of retiring on 300/- does not exist even in the Revised Civil Service Scheme of Asst Surgns. When by efflux of time the Officer below begins to draw 400 Rs. after putting 16 years service he may be designated as Surgeon, the rest as Asst Surgeons. There will then be no longer any necessity to have Classes or Specialists nor will there be any risk of one man superceding another by reason of being started on a higher pay (Ed Secy)

K/16.8.11

9. The above proposal will be very expensive and is financially objectionable.

There is no such proposal made by the Admin'e branch K

10. Every L.M.S. or M.B. who enters as Sub Asst. Surgeon does not deserve ~~to [illegible]~~ reach Rs 600/. For example, in British India the idea that all Asst. Surgeons should rise ~~to Rs 600~~ would not be entertained for a moment. The maximum that an Asst. Surgeon can expect in British India is Rs 300/-. The majority have to stop at Rs 200/- because there are only a few appts in the Senior grade.

This is the case here, as well. Appts of Civil Surgeons are made by selection. K

11. The change of the name of Hospital Assistants to Sub-Asst. Surgeons is a mere change of name; I mean their duties will

Note—Contn. sheet.

196

remain the same. – Why should the present class of Sub-Asst Surgeons be merged into Asst Surgeons for that reason? The two changes seem to have no connection with each other. All that is necessary is to ~~devise~~ find out a new designation for the Sub-Asst Surgeons. Additional Asst Surgeons or Extra-Asst Surgeons would seem fairly suitable.

12. If the class of Sub-Asst Surgeons require to be abolished for other & independant reasons, the matter should be fully discussed.

Ass(61)
22.8.11 Sec(18) Secy) 22.8.11

14. I fear the Asst Secy Revn & Finl Secy have gone off the track to some extent. It was no part of the proposals put forward by the administrative dept that all the ~~higher~~ gazetted appts in the Medical Dept from Sub Asstt Surgeon to Civil Surgeon should be placed on one time scale from 80 – 600 Rs, & that every

NOTE—Contn. sheet.

GPB—55,000—27-4-09

Serial
No.

officer should automatically rise to 600 Rs if he only lived long enough

15. The proposal was only to improve the prospects of the present subasstt surgeons by making their promotion to the grade of asstt surgeons depend on efflux of time instead of on vacancies.

16 This limited proposal would ~~only~~ involve only a slight increase in cost.

17 Appointments higher than the 1st class of asstt Surgeons (on Rs 300) would be made only by selection

NOTE—Contn. sheet.

392

Serial No.

What was suggested by me in my note of the 16th instt with the deviation that the maximum stops at 300 Rs instead of running higher and instead of an annual increment, the present ~~[illegible]~~ rates should continue. The stop that under existing circumstances would come between Asst Surgeons 5th & Asst Surgeons 4th class (viz the occurrence of a vacancy) is obviated by promoting an officer from the 5th to the 4th class after 8 yrs service in the 5th class. The proposal while costing more takes away the block. In spite the above reasons for entertaining the proposal, the extra cost, considering that it is indirectly incurred in the cause of giving better medical relief & making the officers more contented, cannot be grudged.

Jt Secy)

21.10.9

29 I adhere to the opinion expressed in my note of 19.8.11 in page 5 of these notes. The first two paragraphs of that note simply pointed out the defects in the Fin'l Asst. Secy's note which preceded. The last two paragraph contained suggestions on the departmental proposals.

I was of opinion that the transfer of the name "Sub-Assistant Surgeon" ~~having been transferred~~ to the Hospital Assistant class was no reason to disturb the present class of Sub-Asst. Surgeons

G. R. S. 12]
General and Revenue
Secretariat.

Med File No. 128 of 1910-11

Serial No.

I still think that the class of Sub-Asst. Surgeons should be retained as a separate class under a different designation. The reasons which led to the formation of this class have not ceased to exist. Every L.M.&S or M.B. taken on Rs 80/- may not deserve to rise to Rs 300/- after 16 years. It is better to have a stage of selection somewhere in the middle and the Sub-Asst. Surgeon's class provides for it. MR 26/10

I suggested "Extra Asst. Surgeons" MR

NOTE— Contn. sheet

GPB—50,000—12-8-10

Submitted to His Highness.

34 In connection with the change of designation of Hospital Assistants to Sub Assistant Surgeons and the improvement of their pay and prospects, the Senior Surgeon had recommended that the old class of Sub Assistant Surgeons (first, second and third classes on Rs.120, 100 and 80) should be graded with Assistant Surgeons and called Assistant Surgeons of the fifth, sixth and seventh classes. The Government sanctioned this proposal. But in sanctioning it directed that promotion from the fifth to the fourth class of Assistant Surgeons should be on the occurrence of vacancies in the fourth class and not merely by efflux of time, as in the case of the already existing class of Assistant Surgeons. Thus, promotion from the seventh to the sixth class, from the sixth to fifth, from fourth to the third, third to second and second to first classes are granted on a time scale, while only that from the fifth to the fourth class is dependent on vacancies in the higher class.

W

2. The Senior Surgeon in his letters of 5th

E - 7

August 1911 and 16th November 1911 strongly urges that in this case also the promotion may be allowed by efflux of time - the period being three years as in the case for promotion from the fourth to the third class and in all the higher classes. The Senior Surgeon particularly instances the hard case of certain officers (Messrs. N. Rangachar, Asirvatham &c.) who have been over 6 years in the fifth class of Assistant Surgeons on Rs.120 (old Sub Assistant Surgeons, first class) with no prospect of promotion to the fourth class on Rs.150 in the near future owing to the infrequency of vacancies.

Pages 4 & 10 of Notes
Pages 11 & 12 of -"-

3. The Financial Secretary and the First Councillor have recorded opinions to the effect that the change proposed is unnecessary. I am however of opinion that in view of the reasons urged by the Senior Surgeon, the position of this class of medical officers requires amelioration. These men are graduates with Medical degrees who have generally spent at least 5 years over their medical studies after their Arts courses.. The prospects of this class of officers in the Madras Presidency and elsewhere are distinctly better than in Mysore, and their prospects in Mysore have latterly been even less favourable

than before by the appointment of men with English qualifications in the higher classes of Assistant Surgeons.

4. The Senior Surgeon's proposal will of course involve some increase in cost, but I think that the expenditure is necessary in the interests of the efficiency of the Medical Department, and recommend that the proposal may be sanctioned. The effect of such sanction will be to place the principle regulating promotions on a uniform footing.

Sir,

In continuation of this office No.G.7 dated 2-7-1910 and my D.O. dated 16th June 1910 to Colonel Smyth I.M.S copy of which I send enclosed for your information, I have the honor to represent that there was one omission in the recommendations made, which I wish to now supply.

2. Nothing was said in the above references about the promotion of the newly to be created Assistant Surgeons of the Vth & V1th Classes (i.e., of course if the Government kindly approve of the suggestion made to bring the present Sub Assistant Surgeons under these two classes.)

3. I would very respectfully solicit the favour of the officers of these two classes being promoted to the next higher class by efflux of time and not make them wait for vacancies occurring in the classes above.

4. The cases of Messrs N.Rangachar, S.G.Asirvatham & J.V.Mascarenhas have suggested my making this further reference on the subject. These officers have been over ten years in the Sub Assistant Surgeons grade & the prospects

SUBJECTS.

Forwarding proposals for the promotion of the newly to be created Assistant Surgeons of the V & VI classes.

of their becoming Assistant Surgeons of the higher grade, in view of the fact that almost all the officers in the Civil Surgeons' & Assistant Surgeons' grades have yet to put in many years of service before they can become superannuated, are remote. This state of things is not as it should be.

5. In the case of Mr. N. Rangachar, for instance, if the Government should be pleased to order promotion to be given to him by efflux of time, it will be 12 years more before he can become a first grade Assistant Surgeon i.e., he will have put in full 24 years of service in the Department by then. On the other hand if he has to wait for a vacancy to occur, he may not be an Assistant Surgeon of the 1st grade before he completes a period of thirty years of service or more.

6. What I would solicit of the Government in re-organising the grades as per suggestions conveyed in this office reference, is that they may be pleased to order that Assistant Surgeons from the Vth & V1th classes should be promoted to the next higher classes on an approved service of three years in each of these classes.

7. The Government I have no doubt are fully aware that our Medical Officers unlike those in the British Indian service, make precious little in their private practice and that they depend entirely upon the salaries given to them by our benign Government.

8. I solicit, therefore, the boon that I ask for may be conferred by the Government on our hard worked & well deserving young Medical Officers.

I have the honor to be,
Sir,
Your most obedient servant,

H. T.

Offg. Senior Surgeon, Mysore Govt.,

D.O. letter dated 16th June 1910 from Dr. P.S.Achyuta Rao, Bangalore, to Col. J.Smyth, M.D., I.M.S., Senior Surgn. Mysore Govt.,

----

In reply to your D.O. No.97 dated 14/15th June 10 re proposed future designations of Gazetted & other officers of the Mysore Medical Service, I beg to state as under:-

An "Assistant Surgeon" on Rs 25/- per mensem would be a sorry spectacle for the outside world to contemplate, especially in view of the fact that the last grade Assistant Surgeon in the British Indian territory gets Rs 100 per mensem with allowances of sorts.

It is bad enough for a "Sub Assistant Surgeon" if that designation is adopted in future for "Hospital Assistant" to draw Rs 25 per mensem when Sub Assistant Engineers and Sub Assistant Conservators of Forests are graded on Rs 150 plu & 100 per mensem.

I would grade our officers as follows:-

Civil Surgeons to be "Surgeons" graded into three classes and paid as at present.

Assistant Surgeons & the present Sub Assistant Surgeons to be classed as "Assistant Surgeons" under six grades. In other words to convert the present staff of Sub Assistant Surgeons into the 5th & 6th classes of Assistant Surgeons with salaries of Rs 125 & 100 per mensem respectively.

Honorary Assistant Surgeons and Hon Sub Assistant Surgeons to be "Hon Assistant Surgeons" and paid salaries in accordance with the above scale.

Senior Hospital Assistants to be "Senior Sub Assistant Surgeons" and Hospital Assistants to be "Sub Assistant Surgeons. Senior Sub Assistant Surgeon to be of only one grade with pay Rs 90/ per mensem.

Sub

Sub Assistant Surgeons to be graded under 3 classes with pay of Rs 75/- per mensem for the 1st Class

50/- per mensem for the 2nd Class

35/- per mensem for the 3rd Class.

The usual charge allowances to be continued as at present.

I believe the above scheme ought to satisfy all legitimate aspirations of our Medicos.

These are my views.

P. S. Achyuta Rao, Esquire,
Offg. ~~Senior~~ Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Offg. Secretary to the Government of
H. H. the Maharaja of Mysore, Genl and Rev. Deptts.,
Bangalore.

Sir,

In acknowledging the receipt of Government Order No. 3181-2/Medl. 128-10-5 dated, Bangalore, 3rd November 1911, I have the honor to respectfully submit in reference to the last sentence in clause (3) of para 1 that the rule laid down "that the promotion of an Assistant Surgeon from the 5th to the 4th Class will, as heretofore, be regulated by vacancies & merit and not according to a time scale" acts as a great hardship to some of our Medical Officers who, as Sub Assistant Surgeons (old designation), have served honourably & efficiently for long periods. I refer especially to the pitiable plight of Messrs M. Rangachar, S.G. Asirvatham & J.M. Mascarenhas.

2. Promotion by time scale, even if it is to be uniformly three years from one class to the next above, will be a very great boon in as much as these poor medicos may hope to one day rise to the 1st grade of Assistant Surgeons.

3. To some, after a sound liberal education and even graduation in Arts and a full medical course of at least five years, to get Rs 300/- per mensem after full

Recommending that the promotion of Assistant Surgeons be uniformly fixed at a time Scale of three years in each class.

full eighteen years of service is not at all I submit anything far out of the way to expect. Many I am afraid may have to retire on that pay.

4. I, therefore, solicit that the benign Government of Mysore may be graciously pleased to reconsider this portion of the Government Order, and order that the promotion from one class to the other of Assistant Surgeons be uniformly fixed at a time scale of three years in each class.

I have the honor to be,
Sir,
Your most obedient servant,

Offg Senior Surgeon, Mysore Govt.,

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Medical), dated 29th March 1912.

READ—

Letter No. G. 61, dated the 5th August 1911, from the Officiating Senior Surgeon stating that certain officers have been very long in the grade of Sub-Assistant Surgeons (old designation) and suggesting for reasons explained, that the promotions of Assistant Surgeons of the 5th and 6th classes (new designation) be regulated by a time scale instead of being made to depend on the occurrence of vacancies.

2. Letter No. G. 206, dated the 16th November 1911, from the same officer, requesting that clause (3) of para 1 of Government Order No. 3181-2—Med. 128-10-5, dated the 3rd November 1911, be so modified as to give effect to the suggestion contained in his letter of the 5th August 1911, read above.

No. 7050-1—MED. 128-10-6, DATED BANGALORE, 29TH MARCH 1912.

ORDER THEREON.—Under paras. 4 and 6 of Government Order No. 3868-9—Mis. 736, dated the 23rd September 1897, and para 1, clause (3), of Government Order No. 3181-2—Med. 128-10-5, dated 3rd November 1911, promotions from one class of Assistant Surgeons (new designation sanctioned in the Government Order dated 3rd November 1911) to the next higher class except from the 5th to 4th class are granted according to a time scale, while promotion from the 5th to the 4th class is dependent on vacancies in the 4th class.

In consideration of certain hard cases which have arisen under this rule and in view to place the principle regulating promotions in the grade of Assistant Surgeons on a uniform footing, Government are pleased to accept the suggestion of the Senior Surgeon and direct in modification of clause 3 of para 1 of Government Order dated the 3rd November 1911 and para 6 of Government Order dated the 23rd September 1897, that an Assistant Surgeon of the 5th class be promoted to the 4th class after an approved service of three years in the 5th class.

2. In the case of Assistant Surgeons who have already completed three years' approved service in the 5th class, the promotion to the 4th class under this order will be given effect to from the 1st March 1912. The Officiating Senior Surgeon is requested to report to Government the names of the Assistant Surgeons who are thus entitled to promotion, in view to their promotions being formally notified in the official Gazette.
